*To remove superfluous hair on face or forearms, make a paste with a little powdered delatone and water. Cover the hairs, leave on two minutes, wipe off, wash the skin, and the hairs will be gone. This treatment is less expensive than the electric needle and just as satisfactory in results.

No woman looks her best when suffering from uches or pains. Mother's Salve is penetrating, entering the pores at once, and giving almost instant replief. It is comforting and soothing for pains and necks in back or joints, sore muscles, bruises, rheumatism and neuralgia.

pains and aches in back or joints, sore muscles, bruises, rheumatism and neuralgia.

"The Vaucaire treatment is not a fat-maker, but is designed to round out the angular lines of women with scrawny shoulders and flat bosoms, it is made by dissolving 1½ cupfuls sugar in a pint of hot water to which is adden an ounce of gailot. The dose is two teaspoonfuls before meals.

"The beautiful complexion of girlhood can be retained or restored, if lost, by gently massaging face, neck and arms each morning with a solution made by dissolving an original package of mayatone in a half pint of witch hazel. It leaves the skin smooth and white, soft and lovely.

"Of all the various shampoos on the market, I prefer Mother's Shampoo, because it removes from the scalp the parasites that cause falling half and baldness. It can be purchased from any druggist at 25 cents a package of ten shampoos. It will put dry, brittle dull and faded hair in a glossy, fluffy condition."

Chancelleries of Europe Being Kept in Condition of Nervous Tension.

London, March 11.-The European chancelleries and stock markets are being kept in a condition of nervous tension. No sooner does one thorny problem seem in the way of solution than another crops out.
